

## Lecture 10

Previous lecture:

**Task 1 - Device Detection and Server-side Component: Dedicated website:** Follow me ... Done!

**Task 2 - Device Detection and Server-side Component: RESS (Dynamic Serving):** Follow me ... Done!

**Task 3 - Mobile Sites: Implementation Strategies:** Analogue task in groups ... Done!

**Interaction in relation to report writing:** Reportwriting-Interaction.pdf

Literature:

30.11 6 lessons  
8:30

### **Working with Github and Portfolio**

GitHub: James Williamson: Github for Web Designers:

<https://www.lynda.com/GitHub-tutorials/GitHub-Web-Designers/162276-2.htm>

### **Advanced CSS, CSS Pre-processors, CSS Grid**

Learn SASS in 15 Minutes: <https://tutorialzine.com/2016/01/learn-sass-in-15-minutes>

A Complete Guide to Grid: <https://css-tricks.com/snippets/css/complete-guide-grid/>

### **Today's Learning Goals**

GitHub intro

CSS pre-processor intro: SASS in Brackets

CSS Grid layouts

CSS Shapes

## **Evaluation: Project 1.3**

Feedback: Grades from "Not Approved" to 12 (Conservative grading)

Looking forward: How can you fulfil the learning objectives and get the maximum grade?

## **CSS Pre-processors**

### **Intro to CSS Pre-processors**

Getting Started with CSS Preprocessors (Less and Sass):

<https://blogs.adobe.com/creativecloud/getting-started-with-css-preprocessors-less-and-sass/>

### **Intro to SASS**

Learn SASS in 15 Minutes: <https://tutorialzine.com/2016/01/learn-sass-in-15-minutes>

Setting up SASS and using it in Brackets: <https://www.youtube.com/watch?v=pY8a4kqBko4>

### **Intro to LESS**

Learn LESS in 10 Minutes (or Less): <https://tutorialzine.com/2015/07/learn-less-in-10-minutes-or-less>

Setting up LESS and using it in Brackets: <https://github.com/jdiehl/brackets-less-autocompile>

**Task 1 – LESS in Brackets: Follow me ...**

- Install LESS AutoCompile from the Brackets Extension Manager ... restart Brackets ...

**CSS Grid**

- *Caniuse.com: Grid*  
*Result: Denmark (nov. 24, 2017)*

69.63%+11.51%=81.14%

- *unprefixed:*

69.63%

- *Global (nov. 24, 2017)*

69.57%+5.77%=75.34%

- *unprefixed:*

All CSS layouts strategies in action: <http://janskovgard.dk/eaaa/layouts/>

- take a closer look at the last method: flow with grid method ...

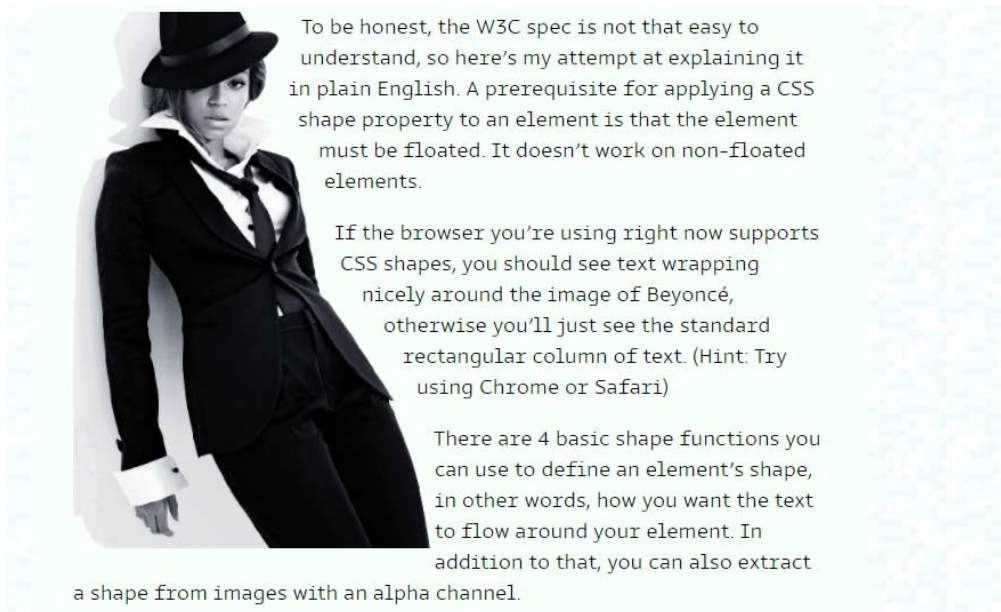

**Task 2 – Grid Layout: Follow me ...****CSS Frameworks**

CSS Frameworks: Bootstrap, Skeleton, HTML5 Boilerplate etc.: <http://bestreviews2017.com/best-css-framework-2017/>

HTML5 Boilerplate: <https://html5boilerplate.com/>

- Self-study!

**Advanced CSS: CSS Shapes**

Example: <http://webplatform.adobe.com/Demo-for-Alice-s-Adventures-in-Wonderland/>

Tutorials: <https://www.html5rocks.com/en/tutorials/shapes/getting-started/>

<https://www.chenhuijing.com/blog/why-you-should-be-excited-about-css-shapes/>

Test in Chrome, Firefox, IE ...

Can I use?: <https://caniuse.com/> (search for "CSS Shapes")

## Working with GitHub

- You have all signed-up for a GitHub account ...
- I have invited all of you to join the repo named skovgard/1md17x1 ...
- In the repo 1md17x1 you will find Catalin's solution to Assignment2: The landing page for the digital representation of your class ...
- Now it is time to fill in the blanks: To upload your individual subpages!
- Why not upload Project 1.2?

## Task 3 – Assignment2: Follow me ...

### Coming up: Exam project

Interaction Development in relation to the digital product:

- Semantic mark-up
- Well-formed and valid code
- Separation of structure and presentation
- Responsive layout
- SEO
- Performance
- No CSS Framework (only csslayoutgenerator.com)

Interaction Development in relation to report writing:

Read: Interaction in relation to report writing: Reportwriting-Interaction.pdf

## Semester evaluation

### Task 5 – How are you? (3)

See Canvas: Quizzes: The final evaluation (at Lecture 10)

### Mandatory Assignment

There is no assignment today due to the exam project ... 😊

### Next lecture

Literature:

05.12	6 lessons	Lecture 11: Cancelled!
8:30		Technical supervision in relation to Exam project: You are all welcome to mail me if you have questions in relation to the project. In addition, it is possible to set meetings 😊
