

Publishing your Website (p. 511)

1. Domain name registration (p. 512)

Buy your own domain name (you borrow the right of use until you cancel or do not pay).
.dk-domains can be purchased from One.com or another registrar.
Annual domain fee about 75 kr.

2. Webhost (p. 513)

Webhosting - find yourself a webhost.

Recommendation: One.com - <http://www.one.com/da/>

Package including 25GB storage costs 15.20 DKK/month and includes the technologies needed on the program (FTP, PHP and MySQL)

Discount 50 DKK (use this link): <http://one.me/daajaqtb>

Alternative: Sub-domain at your ISP (Internet Service Provider) – not a professional ambition.

3. Uploading your webpage – FTP (p. 515)

Download and install FTP software.

Recommendation: FileZilla FTP (free) for Windows, Mac OS X and Linux (p. 515)

<http://filezilla-project.org/> (Download FileZilla Client)
